VALLEY VILLA

Recently opening its gates, Emerald Valley Villa is a luxurious private retreat nestled high above the pristine hinterland region of Byron Bay, Australia.

getAWAY

Set on 80 abundant acres, Emerald Valley Villa is a new and unique, eco-friendly development providing premium 5 star luxury accommodation like no other.

“Emerald Valley Villa is an exemplary model of sustainable living without compromising luxury or technology,” says creator of Emerald Valley Villa, Michael J Robison. “All the building structures and grounds have been designed for minimum impact on the surrounding environment; the Villa is climate neutral and runs on 100% green power. Emerald Valley Villa was developed as a landmark demonstration of how design, technology and ecology can combine to create luxurious living without causing harm to the earth.”

Amidst the relaxing atmosphere and scenic views, Emerald Valley Villa offers the ultimate in world-class standards within a completely private and secure environment for up to 8 people.

Architectural and design elements gracing the property pay homage to Bali's unique arts and traditions whilst embracing modern design aesthetics. Recycled hardwoods, imported stone and marble is featured throughout the villa, right down to the hand-cut stone framing the garden flower-beds.

In addition, this private estate boasts a master suite and three expansive bedrooms all with adjacent marble bathrooms opening onto private, tropical gardens. Guests can enjoy swimming in the pure oxygenated spring water pool, complete with carved Balinese fountains and pool-side lounges, or relaxing under the stars at night in the open air Jacuzzi. Two 200 year old teak Rice Barns – one overlooking the fabulous pool, the other overlooking the valley where you can enjoy

the private lake below – provide exclusive or romantic comfort day or night.

An onsite concierge service is available to all guests offering luxurious spa therapies including a private marble steam room, gourmet catering from the villas state of the art kitchen and daily housekeeping services. In addition, all modern technologies are onsite including broadband internet, satellite television and telephone facilities. Transport options for guests include a current model Range Rover for rental, or perhaps you'd prefer to stay on the grounds using the fun 4 x 4 Polaris-Ranger for easy access to all areas of the property.

Emerald Valley Villa even boasts its own private waterfall and lake complete with a custom made River Pavilion where you can spend a day in secluded paradise with an abundance of rare wildlife which will simply amaze you including the resident platypus’.

The extraordinary landscaping has been terraced into four levels, all carefully planted with fragrant flora including gardenias, jasmine and champaka amongst many other graceful flowers and blossoming trees. Emerald Valley Villa is a private estate and a landmark demonstration of how design, technology and ecology can combine to create luxurious living without causing harm to the Earth. This is the ultimate retreat.

Let Emerald Valley Villa take you on a mystical journey like no other...
